- \* Stamps & Postcards
- \* Letters & Postal Stationery
- \* Coins & Tokens
- \* Paper Money & Banknotes
- \* Medals & Awards
- \* Stocks & Bonds Certificates
- \* Gold & Silver

### 1) Make an appointment.

The first step for a valuation of your collection or submitting material for our auction, is **making an appointment**. This can easily be done by phone or via e-mail and is possible from Monday until Friday between 9.00 and 17.00 hours. For an appointment please call or e-mail:

- Business hours 070-364 79 57
- After business hours 06-20 47 95 85
- [info@rietdijkveilingen.nl](mailto:info@rietdijkveilingen.nl)

### 3) Submitting material for our auction.

After our valuation you can decide if want to submit your collection to our auction. The only condition is that the collection must represent some considerable value. Submissions are possible continuously, by appointment, from Monday until Friday between 9.00 and 17.00 hours. Every consignment receives an **acknowledgment of receipt**, upon which individual agreements are noted, as well as the auction commission, communication address and personal details for one or more beneficiaries.

### 5) Shipment of auction catalog and submission list.

Our auction catalog will be released approximately 4 weeks before the auction, in print as well as on our website. Every contributor to our auction will receive a **submission list** upon which all lot numbers are noted belonging to your consignment. The submission list and auction catalog will both be shipped simultaneously.

### 7) Auction.

The auction consists of multiple sessions which may be spread over a period of several days, depending on the number of lots to be auctioned. The auction can be followed **live** online through our website. For bidders there is the opportunity to make use of our dedicated online bidding platform RietdijkLive.

You can follow the auction at home and see **live** what your belongings are selling for, but of course you are also welcome in the auction room. Rietdijk auctions are, every six months, international meeting places for both buyers and sellers of philatelic and numismatic material. [www.rietdijklive.nl](http://www.rietdijklive.nl)

### 2) Valuation at our office or on location.

The second step is the **valuation** of your collection. This can take place at our office or at any suitable location of your choosing. Throughout the valuation, your collection will be assessed if it qualifies for our auction. **Valuations at our office are without obligation**. Valuations on location are only free of charge if you are willing to submit your collection to our auction. Extensive terms and conditions can be found on our website.

### 4) Allotment process.

Our team will begin the allotment process. A lot can consist of a single stamp, a series, an album or even several boxes. The allotment of your collection will ensue in such a way that we can expect the highest possible auction result and is therefore of critical importance.

### 6) Viewing days.

In the weeks leading up to our auction we will organise a number of viewing days, along with a viewing weekend, where interested parties can **view the presented lots**. These are lively days where clients, both foreign and domestic, get plenty of time to view the offered material of course under supervision, assisted by video surveillance.

### 8) Shipment of lots and payment.

After the auction, purchases will be shipped to buyers worldwide, after payment. Six weeks after the auction, the contributors will receive an **specified final statement**. Of course, the final amount is then also credited to one or more desired account number(s).
